18-February-2009

Dear Sirs,

Subject: Posiflex Point of Sale Hardware

I would like to confirm that Oracle Retail has successfully installed and tested our Oracle Retail Point of Service suite (ORPOS) version 13.0.1 on Posiflex Technologies Inc., Point of Sale terminals and peripherals products.

During our testing and subsequent demonstrations to prospective clients, we have confirmed that the hardware and software supports all the functionality of the standard Oracle Retail Point-of-Service (ORPOS) application. Furthermore, Posiflex POS machines and peripherals come with standard JPOS drivers, which have been tested on ORPOS demonstration environments, and found to be fully compatible.

I would like to thank Posiflex for their kind cooperation and support during this testing and would be happy to discuss our testing with any prospective customer.

Yours sincerely,

*P.P. Vincent Barnes*
