Acceptance Speech

Having entered into the POS industry in 1984, Posiflex distributes products bearing the brand of POSIFLEX around the world. Dedicated to bringing the finest products manufactured in Taiwan to the international stage, the company has enjoyed great reputation and acknowledgement from local and foreign customers alike over the years. Posiflex went OTC in 2005 and has since constantly improved upon the company's performance. Working hand-in-hand with professional management, Posiflex strives to achieve the objectives of sustained management and outstanding corporate governance. The company will continue to work towards bringing maximum profit to shareholders, meeting employee expectations and delivering the greatest value to customers.
