Product Launch Notice

AURA-9000

Dear Partners,

Posiflex presents the thermal printer AURA-9000 which takes advantage of spill- and dust-resistant features to operate in a harsh environment. From now on, never worry about careless drink spill on the printer or doubt about the durability of printing in outdoor dining area. To accelerate checkout process, its printing speed is up to 300 mm per second that fulfills busy request. For USB interface, there is even an optional software based Virtual COM solution for virtual COM port application. Moreover, wireless connection and wall-mounted capabilities allow it to be deployed anywhere!

Features :

- 3" ultra-advanced high-speed thermal printer with auto cutter
- Printing up to 300 mm per second in low-noise operation
- High-resolution printing 8 dots / mm and 640 dots / line
- Spill-resistant and dust-resistant design
- Desktop or wall mount solution for flexible deployment
- Drop-and-load structure for easy paper loading
- Control over 2 drawers through 1 port
- Enhanced capability with kitchen bell for reminder function
- User-friendly WiFi (Optional) transmission without cable for easy setting
- USB virtual COM port to support COM port driver for well compatibility
- Interface :USB, Serial, Parallel, LAN (Coming soon!) port or WiFi
