## DT-308

2011-09-26

**Dear Partners,**

The DT-308 embodies “small is beautiful”. It sparks the working environment with its compact design. Inside small enclosure, the DT-308 accommodates up to Intel Pine View Dual Core 1.8GHz CPU (Optional), 2.5” HDD or SSD and the standard connectivity such as serial, USB, LAN, CR ports and even UPS support. And built-in programmable keyboard and touch screen (Optional) allow user to work in a smart way.

### Features:

- Resistive touch screen (Optional) : 8” LCD 800 x 600 resolution
- Equipped with Intel Pine View D425 1.8GHz or D525 Dual Core 1.8GHz CPU (Optional) with DDR3 memory
- UPS (Embedded on board developed by Posiflex) support
- Built-in programmable keyboard
- 4 serial ports to support peripheral devices in diverse industrial applications
- Various I/O ports support like LAN 10/100/1000 Mb, CR for 2 cash drawers, and 4 USB ports
- Push-open cover to protect power switch from accidental shutdown
- Desktop or VESA wall mount solution (Optional)
- Built-in magnetic stripe reader (Optional)
