

# EP-2000 Series Product Launch Notice

2011-02-01

Dear Partners,

Posiflex presents the all-in-one fan-free EP-2000 series as an ECR replaced POS terminal.

The EP-2000 series combines touch screen, thermal printer, rear mounted customer display (Optional), and MSR (Optional) in a fan-free system. Compared to traditional standalone ECR (Electronic Cash Register), the EP-2000 series has higher capability such as CPU, memory, display that can help retailers run software applications and have an overview of operation including supply management, inventory management, sell management, etc.

Furthermore, its well-executed design can enhance the atmosphere of on-site environment. The stylish EP-2000 series is affordable for retailers to operate basic transaction.

## Features :

- Higher capability than traditional ECR in operating management
- Resistive touch screen : 8" LCD 800 x 600 or 12" LCD 1024 x 768 resolution
